

Il dark web è composto da uno strato superficiale pieno di pagine, spesso https, che contengono link secondari su cui cliccare e andare più affondo nella parte illegale di questo network.

Il genere si parte dalle “hidden wiki” che in linea di massima, sono delle directory di link a siti .onion visto che i servizi onion sono spesso identificati da indirizzi lunghi e complessi.

Queste pagine hanno qualche link che collega qualche altro sito e sul sito successivo saranno presenti altri link che a loro volta porteranno in altri link sempre più nascosti.

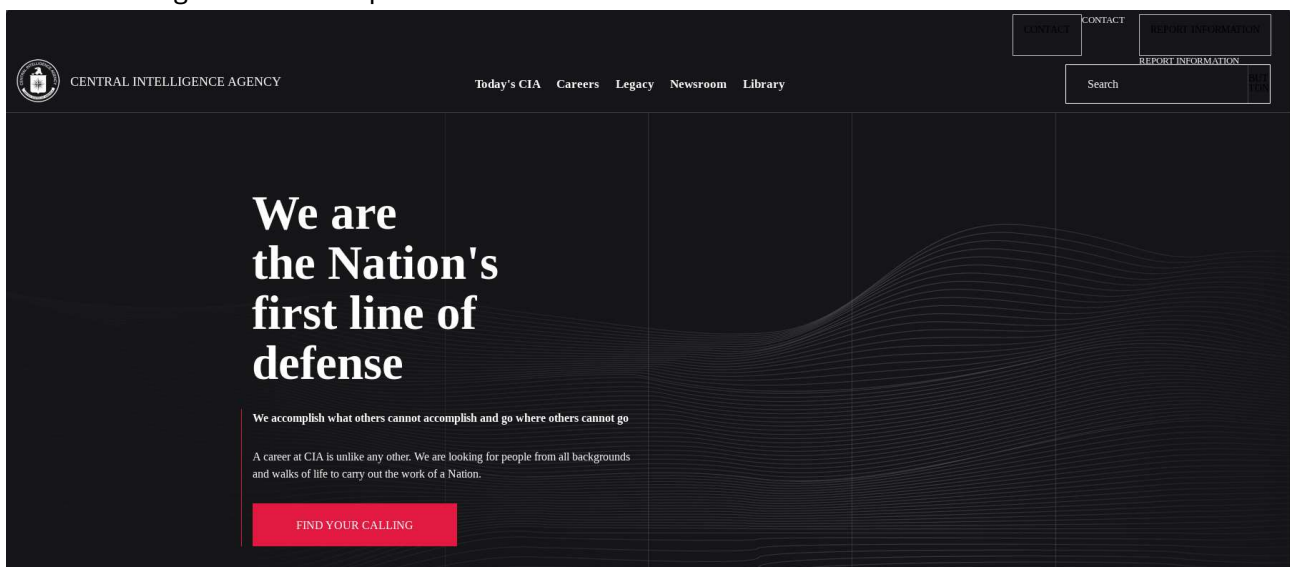

The screenshot shows the 'Main Page' of 'The Hidden Wiki'. The page has a light blue header with a search bar and navigation links like 'Main page', 'Discussion', 'Read', and 'View source'. The main content area is divided into sections: 'Welcome to The Hidden Wiki!', 'The Official Hidden Wiki 2024 contest is ON!', 'Now You can earn FREE MONEY with the Hidden Wiki!', 'Editor's picks', 'Volunteer', and 'Introduction Points'. A sidebar on the right lists 'Contents' with links to various categories like 'Editor's picks', 'Volunteer', 'Introduction Points', 'Financial Services', etc.

Ho voluto mantenere la mia connessione solo nella parte superficiale del dark web, visitando solo su siti conosciuti e protetti dal protocollo https.

Central Intelligence Agency

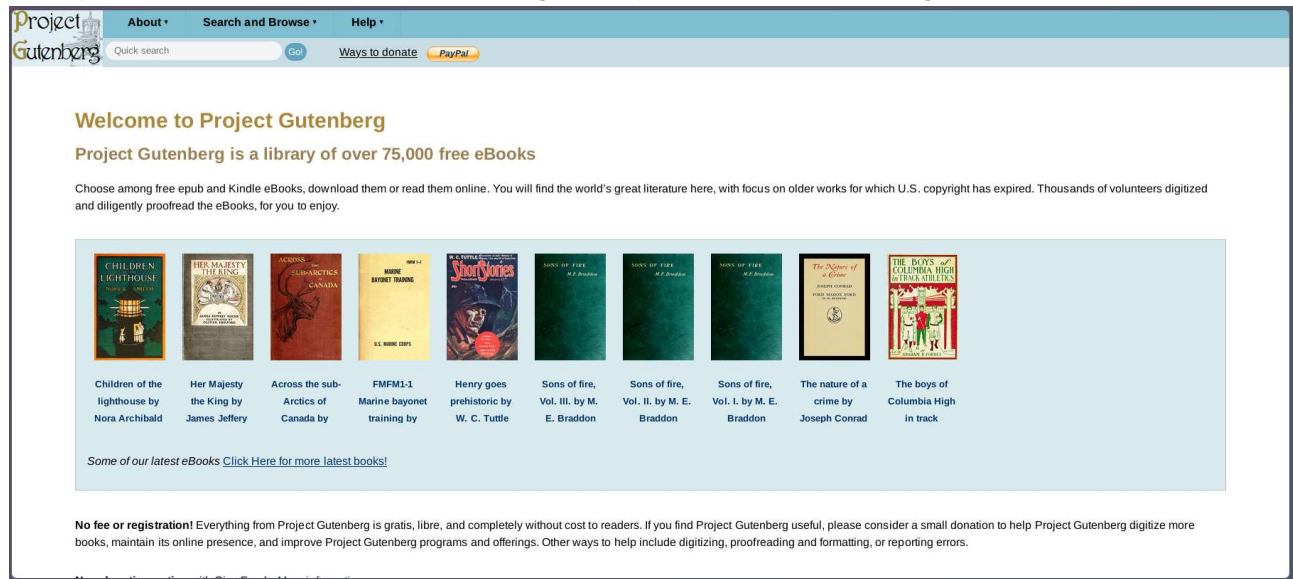

È una pagina ufficiale della CIA per chi, da Paesi con forti restrizioni, vuole inviare segnalazioni o contattare l'agenzia in modo più anonimo.

The screenshot shows the official website of the Central Intelligence Agency. The header features the CIA logo, navigation links like 'Today's CIA', 'Careers', 'Legacy', 'Newsroom', and 'Library', and a search bar. The main content area has a large headline: 'We are the Nation's first line of defense'. Below this, there is a sub-headline: 'We accomplish what others cannot accomplish and go where others cannot go'. A red button labeled 'FIND YOUR CALLING' is prominently displayed. The background is dark with a subtle grid pattern.

Project Gutenberg

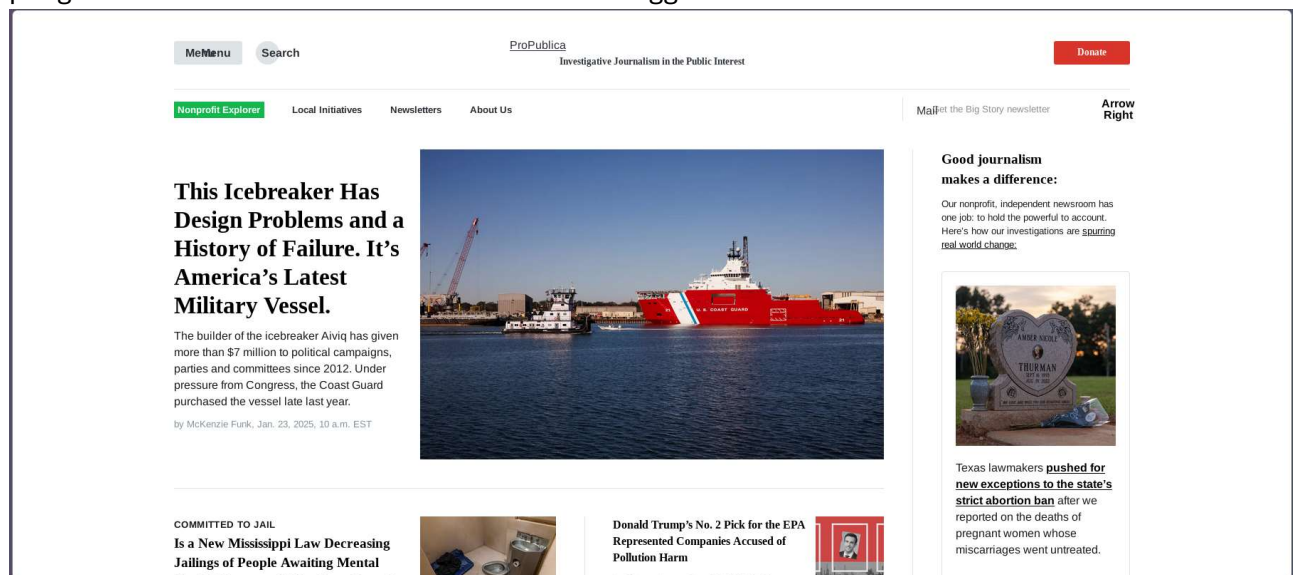

Offre migliaia di libri in formato eBook gratuiti, soprattutto classici non più coperti da copyright. È un esempio di come il web abbia reso fruibili grandi opere letterarie a livello globale.

The screenshot shows the Project Gutenberg website. At the top, there is a navigation bar with links for "About", "Search and Browse", and "Help". Below this is a search bar and a "Quick search" button. The main heading reads "Welcome to Project Gutenberg" followed by "Project Gutenberg is a library of over 75,000 free eBooks". A paragraph explains that users can choose among free epub and Kindle eBooks, download them, or read them online. Below this, there is a grid of book covers with their titles and authors: "Children of the lighthouse" by Nora Archibald, "Her Majesty the King" by James Jeffery, "Across the sub-Arctics of Canada" by Canada, "FMFM1-1 Marine bayonet training" by W. C. Tuttle, "Henry goes prehistoric" by W. C. Tuttle, "Sons of fire, Vol. III. by M. E. Braddon", "Sons of fire, Vol. II. by M. E. Braddon", "Sons of fire, Vol. I. by M. E. Braddon", "The nature of a crime" by Joseph Conrad, and "The boys of Columbia High in track". A link "Some of our latest eBooks Click Here for more latest books!" is provided. At the bottom, a "No fee or registration!" notice states that everything is free and encourages donations to help with digitization.

ProPublica

È un'organizzazione no-profit di giornalismo investigativo. Anche loro offrono un mirror sul Dark Web per garantire l'accesso alle informazioni in Paesi soggetti a censura.

The screenshot shows the ProPublica website. At the top, there is a navigation bar with links for "Menu", "Search", and "Donate". Below this is a "Nonprofit Explorer" section with links for "Local Initiatives", "Newsletters", and "About Us". The main headline reads "This Icebreaker Has Design Problems and a History of Failure. It's America's Latest Military Vessel." with a sub-headline "The builder of the icebreaker Alviq has given more than \$7 million to political campaigns, parties and committees since 2012. Under pressure from Congress, the Coast Guard purchased the vessel late last year." and a byline "by McKenzie Funk, Jan. 23, 2025, 10 a.m. EST". To the right of the headline is a large image of the icebreaker Alviq. Below the headline, there are three smaller articles: "COMMITTED TO JAIL Is a New Mississippi Law Decreasing Jailings of People Awaiting Mental", "Donald Trump's No. 2 Pick for the EPA Represented Companies Accused of Pollution Harm", and "Good journalism makes a difference: Our nonprofit, independent newsroom has one job: to hold the powerful to account. Here's how our investigations are spurring real world change." with a sub-headline "Texas lawmakers pushed for new exceptions to the state's strict abortion ban after we reported on the deaths of pregnant women whose miscarriages went untreated." and a small image of a heart-shaped memorial.

Infine, ho cercato qualcosa di un po' più losco, rimanendo sempre nei limiti della sicurezza, e mi sono imbattuto su un sito che vende patenti di guida registrate, probabilmente rubate.
